For disbursements in detail see other Town Officers reports. During the year you have increased your outstanding interest bearing obligations \$13,978.22, due to two causes, first quite a sum of money has been paid out for repairs and the purchase of a Town Farm for which no appropriation was made, second to the fact that the C. M. P. Co. has not paid the tax assessed. The old tax deeds now are quite well paid up. The Selectmen and Treasurer settle their accounts monthly, and think well of this plan.

H. L. IRISH,
Treasurer.

AUDITOR'S REPORT

To the Inhabitants of the Town of Turner:

I have audited the books of the Treasurer of the Town of Turner for the municipal year of 1927, and find that all moneys received by him are properly receipted for; that all disbursements are paid out on orders signed by the Selectmen; all entries being properly made on his books; that the cash balance as shown by his report is correct, verification having been made of bank balances.

I have also examined the accounts of the Treasurer of the Turner Railroad and find them to be correct.

A. W. P. COBB, Auditor.

TOWN FARM

Inmates

Naham Landers, 76 years; Francis Knapp, 77 years; Warren Dailey, 53 years; Mrs. Warren Dailey, 57 years.

Both Mr. Landers and Mrs. Dailey are totally blind.

Mr. and Mrs. Dailey have been away from Turner four years and cared for themselves until Mrs. Dailey became sick and blind and could not care for herself longer.

Mr. Elmer C. Sampson assisted by Mrs. Sampson superintended the farm at a salary of \$550 but worked under trying circumstances during the summer as the old town farm buildings burned April 20, 1927 and the selectmen purchased a new farm on Gen. Turner Hill.

Mr. and Mrs. Sampson moved onto the new farm May 6th, and the new buildings had to be thoroughly renovated.

It is now a modern and up-to-date almshouse in every respect.

Six tramps were lodged and fed during the year.

AUGUSTA S. IRISH,
F. P. RICKER,
J. E. TEAGUE,

Overseers of Poor.

MOTHERS' AID

Ina Gillis and her two young sons receive a mother's aid of \$12.00 per month of which the State pays half.

I wish to thank the Red Cross, W. C. T. U. and friends for their assistance the past six years I have been in office.

AUGUSTA S. IRISH,
Municipal Board of Children's Guardians.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and Citizens
of the Town of Turner:

Herewith I respectfully submit for your consideration and approval this my second annual public report of the condition of your public school system.

It is self evident that we are in an age of rapid progress. The old order is changing to meet these new conditions and when there is no change we see degradation and decay. Often have I heard it repeated that we are living above our incomes. No doubt there is much truth to this statement but how are we going to change the situation. That, I believe, is the problem that confronts our educational system today.

We are, right now, in the midst of the greatest scientific era of all ages. An era that is only natural after a period of slow accumulation. For centuries leading minds have been slowly gathering facts, one at a time. With the advent of universal education and equality of opportunity we have gathered these facts and are using them to the best of our ability.

To build a strong and permanent system of education we must have facts. Something that will guide us along the channels. For the past year I have been carefully studying the condition of our schools and comparing them with our neighbors. I have endeavored to gather some facts that will help me in improving the efficiency of our schools.

To my mind reading is the most essential of all the common school subjects. A child that can not read under-

standingly will find it impossible to do satisfactory work or to make any progress in that extended journey in quest of an education.

This coming fall I hope to place in your school system a method in Reading that will be far in advance of the one now in use. This new system has been used for the past year at Turner Center and we have achieved some remarkable results.

I feel that we have been fortunate this year in having an excellent corps of teachers. To make their work more successful and to improve our schools may I suggest that you visit the school room, listen in on a few recitations and have a little talk with the teacher on the progress of your pupils. This little bit of friendliness will iron out a whole lot of the disagreeable features in the life of the teacher.

Although conveyance problems still exist and they will probably continue for some time, I wish to take this opportunity to thank the parents on conveyance routes for their co-operation. I have endeavored to secure as competent drivers as possible and to make the routes as convenient as possible for all. One standard conveyance has been placed on the longest route in town and I invite you as townspeople to inspect this vehicle. The drivers of our conveyance teams should also receive their share of praise for the splendid service that they are giving us.

The attendance in our school this year is much better than last year. The improved regularity I believe to be due to the excellent dental work during the summer. My reports show that during the fall term of fourteen weeks there was not one absence because of toothach. My reports also show that there were sixty-eight teeth extracted and sixteen fillings not to mention the work that I know nothing about.

Following is a chart showing our attendance for the term just past:

ATTENDANCE CHART

School	Grades										Total
	1	2	3	4	5	6	7	8	9		
Village Primary	9	8	4	9							30
Village Grammar					9	11	8	5			33
Turner Center	5	1	5	9	3	4	8	2			37

Howe's Corner	3	3	4	1	3	5	1	5	2		27
Keene's Mills	7	4	4	3	1	4	4	0	0		27
Upper Street	3	1	1	2	3	0	0	3	0		13
Lower Street	6	4	3	0	2	2	1	0	0		18
West Turner	2	1	2	0	3	0	0	0	2		10
	—	—	—	—	—	—	—	—	—	—	
Totals	39	24	27	27	29	31	24	16	6		223

A few days back I was looking through some old Town Reports when I came to the one printed in 1903. There were two things in that report that caught my eye: First there were eighteen schools in session with a total enrollment of 220, Second, the enrollment at Leavitt Institute was 109.

The past year we have remodelled two schoolhouses, West Turner and Keene's Mills. Both schools now meet the requirements of the state.

In my report of last year I recommended that we reopen the school on Lower Street to relieve the crowded conditions at Turner Center. This was done and as a result we had eighteen pupils registered there. Even this action did not help the conditions at Turner Center. I had planned this year to ask for an appropriation to put an additional room at Turner Center, however taking into consideration the added expenses in the other town charges I do not feel that it is the opportune moment to ask for any additional appropriation. We are therefore asking you to consider the advisability of reopening the school at North Parish for one year. This I hope will allow us ample time for the town to gain a more stable condition

so that when the time for an addition arrives at Turner Center you will grant ample support for an ideal school which will have suitable light, heat, toilet facilities and drinking water.

Three teacher's meetings have been held this year, one at Turner Center, one at Turner Village and one at the Patten school in Greene. The first meeting consisted in giving instructions to the teachers relative to the general conduct of the schools. Our second meeting was held in the village primary room and for this meeting I secured the services of Miss Pansy Smith, a reading expert from Massachusetts. Miss Smith discussed the problem of teaching reading and illustrated the work of the Beacon Method. Our last meeting was held in Greene and consisted of a demonstration in first grade reading followed by a talk on reading by Miss Lou Buker, Supervisor of reading in the Augusta Public Schools. I feel that these meetings have been very beneficial to the teachers and I am looking forward to the spring term and more settled traveling. At our spring meeting I plan to present to the teachers the psychology underlying class room instruction.

Following this report you will find a report from the Supervisor of Music.

For Health Work this coming year I wish to have Physical examination and free vaccination. My records show that over ninety per cent of the pupils in town are unvaccinated. I would not like to experience an epidemic of small pox such as has occurred this year in Connecticut.

There are countless other items that might be discussed at this time but I do not think it necessary. However for the good of the schools may I urge you as parents and citizens to communicate with the superintendent whenever you have criticisms to offer. It is with your co-operation that the superintendent and the committee can work for the best interests of the Town.

In closing I wish to thank the townspeople for the co-operation and consideration shown us in the conduct of

our business. I wish to thank the committee for their wholehearted co-operation and kindly suggestions. I feel that under the existing conditions we have had a very successful year.

Respectfully submitted,

I. M. HODGES,
Superintendent of Schools.

REPORT OF THE SUPERVISOR OF MUSIC

To the School Committee and Citizens of Turner:

At the request of the Superintendent of Schools I have the honor of submitting the following report of our year's work.

We are following the general plan that we have used in the past; singing the rote songs for the lower grades which contain the problems that they will later find in their sight reading. This enables us to turn back to the familiar song to aid us in reading the intervals of the new song.

For our Childrens' Day this year we gave the pageant, "When Betsey Ross Made Old Glory," a musical play in three acts. We felt that by selecting this type of operetta we taught the children history and patriotism as well as good music.

With the exception of West Turner every school took part, each giving a special number besides singing in the massed chorus. Much credit is due the teachers for the careful preparation of their students and to the parents for their co-operation in preparing costumes and transporting their children to the rehearsals and to the final performance.

At present we have a phonograph in every school and hope to accomplish something in Music Appreciation and to have a Music Memory contest during the spring

term. Experience must always precede information. It is possible to unify many of the pupil's experiences and interpret them to him in such a way that they will function socially when he goes out into life.

To quote Jay W. Fay, Director of Music, Louisville, Kentucky: "The fundamental purpose of school music is to recruit the consumer class, to foster a love for music that will function outside the life of the school and beyond it into the years of adulthood. That the student shall through life find relaxation, enjoyment and spiritual exaltation in participating in and listening to the world's best music."

It was my privilege to attend the Eastern Music Supervisors' Conference at Worcester, Mass., where we saw expert teaching in all the grades and listened to carefully prepared lectures given by the greatest musical authorities in our country. Also we can none of us forget the inspiration that we received from singing in our Choral Assembly under the baton of Prof. Albert Stoessel, director of the Worcester Festival Chorus and of the New York Oratorio Society.

In closing I wish to thank the School Committee, Superintendent, the Teachers and all other Citizens who have helped me in my work.

Respectfully submitted,

DAWN CONANT GRANT,
Supervisor of Music.

REPORT OF THE PRINCIPAL OF LEAVITT INSTITUTE

To the Trustees of Leavitt Institute:

Gentlemen:

I herewith submit my fourth annual report.

During the present year we have had a total enrollment of ninety-two students; twenty-one in the senior class, eighteen in the junior class, nine in the sophomore class, twenty-one in the freshman class, twenty in the preparatory class, two special students and one post-graduate.

In the dormitory we have as regular mealers including teachers etc. twenty-seven; those having dinners only, six; those having rooms only (Mr. Allen and family), three, making a total of thirty-six who are regularly using the dormitory in any way.

There was no break in the faculty during the year until the end of the fall term when our sub-master, Mr. Burke, left to accept a similar position at Stoughton, Mass. at a large increase in salary. We were very sorry to have Mr. Burke leave us as he had served us faithfully for nearly three years. However we were pleased to welcome as his successor C. Pratt Bradford, a graduate of Leavitt and of Tufts College. Mr. Bradford has taken up the work in a very creditable and satisfactory manner.—

During the spring Mr. Allen erected new back-stops for the tennis courts. This has added both to the usefulness of the courts and to the appearance of the grounds.

The summer work this year consisted very largely of outside painting and staining. It is hoped that this

work may be completed this year, thus putting the buildings in good condition on the outside.

The indebtedness of the school has been reduced twenty-two hundred dollars during the year.

An unfortunate accident occurred to the heating plant in the Institute building recently. Because of defective appliances and the condition of the boiler several sections cracked which rendered the plant useless until extensive repairs could be made. The executive board purchased a new boiler in preference to repairing the old one. The entire cost of boiler and installation was \$642.00.

A generous amount of equipment for the chemical laboratory has been added during the year as well as equipment for shop work in the agricultural department.

In the library a large number of books on practical subjects have been added as well as books of a technical type and fiction.

The writer wishes to remind the graduates of the school that the latch-string at the dormitory is always out for them when they find it possible to get back. They will be most welcome guests of the school.

In closing the writer wishes to thank the executive board, the trustees, and the parents and friends for their splendid co-operation during the past year.

Respectfully submitted,

EVERETT P. SMITH, B. S.,
Principal.

To Mellen Holmes, Constable in the Town of Turner, in
said County, Greeting:

Article 1. To choose a Moderator to preside at said meeting.

Art. 3. To hear all reports to be made at said meeting.

Art. 4. To choose one Selectman to serve a term of three years.

Art. 5. To choose one Assessor to serve a term of three years.

Art. 6. To choose one Overseer of Poor to serve a term of three years.

Art. 7. To choose a Town Treasurer.

Art. 8. To choose a Town Agent.

Art. 9. To choose a Collector of Taxes.

Art. 10. To choose a member of the School Board.

Art. 11. To choose a Town Auditor.

Art. 12. To choose a member of the Board of Railroad Directors.

Art. 13. To see if the Town will vote to elect a Road Commissioner.

Art. 14. To choose a Road Commissioner, if the Town so votes.

Art. 15. To choose all other officers required by law to be chosen at the annual Town Meeting.

Art. 16. To see how much money the Town will vote to raise for the support of Common Schools.

Art. 17. To see how much money the Town will vote to raise for text books and supplies for the ensuing year.

Art. 18. To see how much money the Town will vote to raise for repairs to School Building for the ensuing year.

Art. 19. To see how much money the Town will vote to raise for school equipment for the ensuing year.

Art. 20. To see if the Town will vote to continue the school at West Turner for next school year.

Art. 21. To see if the Town will vote to raise twenty-four dollars and fifty-three cents to pay the over draft of the Remodeling Account.

Art. 22. To see if the Town will vote to re-open and maintain a school at North Parish school house, for the 1928-1929 school year or act relating thereto.

Art. 23. To see if the Town will vote to improve heating facilities at the North Turner school house or act anything relating thereto.

Art. 24. To see how much money the Town will vote to raise to pay the tuition of Turner students at Leavitt Institute for the ensuing year.

Art. 25. To see what sum of money the Town will vote to raise to help maintain the course of Domestic Science and Agriculture at Leavitt Institute for the ensuing year.

Art. 26. To see how much money the Town will vote to raise for the support of Poor for the ensuing year.

Art. 27. To see if the Town will vote to instruct the Selectmen to take necessary action to discontinue Turner Railroad.

Art. 28. To see what sum of money the Town will vote to raise for Memorial Day expenses.

Art. 29. To see what amount of money the Town will vote to raise for cutting of bushes for the ensuing year.

Art. 30. To see what sum of money the Town will vote to raise for improvement of sidewalks for the ensuing year.

Art. 31. To see how much money the Town will vote to raise for repairs of highways and bridges.

Art. 32. To see what amount of money the Town will vote to raise for maintenance of State Highways for the ensuing year.

Art. 33. To see if the Town will vote "yes" or "no" on the question of appropriating and raising money necessary to entitle the Town to State Aid as provided in Section 20 of Chapter 130 of the Public Laws of 1913.

Art. 34. To see if the Town will appropriate and raise the sum of seven hundred and thirty-two dollars for the improvement of the section of State Aid Road as outlined in the report of the State Highway Commissioner in addition to the amount regularly raised for the care of ways, highways and bridges, the above

amount being the maximum which the town is allowed to raise under the provisions of Section 19 of Chapter 130 of the Public Laws of 1913.

Art. 35. To see if the Town will vote to have any snow removal on the highways for the ensuing year.

Art. 36. To see what amount of money the Town will vote to raise for snow removal, if so voted.

Art. 37. To see if the Town will vote to purchase snow removal equipment or act anything relating thereto.

Art. 38. To see what amount of money the Town will vote to raise for purchase of snow removal equipment, if so voted.

Art. 39. To see what sum of money the Town will vote to raise to pay interest charges.

Art. 40. To see what sum of money the Town will vote to raise to pay on the town debt.

Art. 41. To see what sum of money the Town will vote to raise for street lighting for the ensuing year.

Art. 42. To see what sum of money the Town will vote to raise for Turner Railroad.

Art. 43. To see what action the Town will vote to take in regard to paying the balance of the Turner Transformer note or act anything relating thereto.

Art. 44. To see what sum of money the Town will vote to raise to pay all other Town charges.

Art. 45. To see if the Town will vote to authorize the Selectmen to make temporary loans in anticipation of taxes.

Art. 46. To see if the Town will vote to sell the Gauthier district school house or act anything relating thereto.

Art. 47. To see if the Town will vote to ratify the former transactions of Town business by the Town officers.

Art. 48. To see what sum of money the Town will vote to grant and raise to be expended and used for advertising the natural resources, advantages and attractions of the State of Maine.

Art. 49. To transact all other business that may legally come before said meeting.

The Selectmen give notice that they will be in session for the purpose of revising and correcting the list of voters at the Town House at nine o'clock in the forenoon on the day of said meeting.

Given under our hands at Turner, Maine this eighteenth day of February, A. D. 1928.

F. E. MERRILL,

E. P. RICKER,

J. E. TEAGUE,

Selectmen of Turner.
